Portable Refrigerated Container

Special Features:

- The missing link in cool chain. • Ideal for all conditions. • Suitable to work.
- ♦Indoor - 230V AC 50 ♦Transport - 12/24 V DC ♦Solar Energy

Specifications:

Gross Capacity	: 50 Liters.
Voltage	: 12/24 Volts DC – 110/240 Volts AC
Average Power Consumption	: 45 Watts
Average Running Time	: 18% to 80%
Power Consumption	: Power point x average running time.
Temperature range	: +10°C to -18°C, Variable via electronic thermostat with LED display.
Insulation	: CFC – free polyurethane foam.
System	: Fully hermetic Danfoss BD35F compressor with integrated control Electronics, Low-Voltage protection adjustable for consumer or Starter battery by means of slide switch, electronic fuse / automatic Reverse pole protection, dynamically ventilated wire condenser, aluminium roll bond evaporator.
Material	: Cabinet : PP, lid, PE, GIPP
Colour	: Body : pole grey / Dark grey, Lid: Dark grey / White-Blue.
Weight	: approx. 16Kg.
Quality Features	: detachable lid, vertical space for standing 2-liter bottles, special electronics.
Scope of delivery	: DC and AC connection cables, removable wire basket, detach carrying handles.
Option Extra	: High-quality insulating protective cover universal fixing kit.
